

PEEPS

2018 Lodi Chardonnay

Your family, your best friends, those closest to you.

They're the people you trust most.

They're the people you'd rather hang out with than anyone else.

They're your peeps.

Your peeps come in all colors, shapes and sizes.

They've been with you through thick and thin. You've shared laughs and plenty of good times together. They're what make life worth living.

The Kautz family has released a line of wines crafted in the spirit of friendship and inclusion with no pretense.

French oak aging for two months gives this Chardonnay, that is a blend of the Mokelumne River and Alta Mesa sub-AVA vineyards in Lodi a fruit forward style with tropical notes, green apples and a light zest. Medium body with a lovely lingering finish.

Hanging with your Peeps over appetizers like crab cakes, avocado & tuna tapas or marinated shrimp is fabulous. Chicken, pork and light pasta dishes also work well or simply sit around the fire pit with friends and enjoy on its own.

From our Peeps to your Peeps, enjoyment is all around.
